The next couple of questions will be about your "inner circle". Your "inner circle" refers to those people whom you consider yourself to be closest to REGARDLESS of whether or not you are in an online social network with them. For instance your inner circle may be comprised of your parents, neighbors and your closest couple friends - even if you are not in an online social network with these individuals.

How many people do you consider to be in you "inner circle"?

For the next two statements please indicate your strength of agreement with the statements.

Describe your inner circle (up to 7 individuals - if you're inner circle consists of more than 7 please choose the 7 individuals whose opinions most strongly influence your decision making). For each individual, indicate if their education/income level is higher, lower or the same as yours. Furthermore, for the "Relation" menu, an Immediate family member refers to a spouse, child, or other individual who has a strong influence on your decision making under an extreme weather condition. Specifically, if you were faced with the decision of whether or not to evacuate during an extreme weather event, what level of influence that an evacuation order issued by the government would have on your decision making, for all other columns in this row please select the N/A if applicable.
