Dear Sir and Brother:

You will probably be interested to know of the action taken by our Local relative to the \$5000.00 loan which we made Joint Council #54.

By unanimous action the Executive Board voted to cancel the loan and tender the \$5000.00 as a contribution to the Organizing Fund of the Council, to be used however they see fit.

Local 146 is pleased, in their recent position, to be able to render financial assistance to a worthy cause; while we have never had to ask the locals for financial assistance, we have been confident we would have had it for the asking.

With best wishes for your continued success, I am

Fraternally yours,

Dear Sir and Brother:

Upon my return from the east, your letter addressed to me relative to the action of your local union on the joint Council loan of \$5000. was awaiting me.

I very deeply appreciate the action of your organization in making this a donation instead of a loan and the expression of cooperation which this represents in sharing the tremendous expense necessary towards development of the Rocky Mountain area.

Some of our people seem to think that you can go into an area and accomplish progress locally without developing the whole area surrounding it. This is not so and I am therefore deeply grateful that you are participating in this organizing activity and recognizing your share by such a liberal contribution. I hope the time never comes when you find your organization in serious trouble but you may be certain, if you do, that you will enjoy the friendship of our organizations across the entire western part of the United States.

Fraternally yours,

Signed Dave Book
