Business Agent

Secretary-Treasurer:

INTERNATIONAL BROTHERHOOD  
OF TEAMSTERS, CHAUFFEURS,  
WAREHOUSEMEN & HELPERS

LOCAL NO. 861

OLNEY, ILL.

March 9, 1946

Norman C. Murrin

Dear Sir & Brother:

Before the War we had a local in this part of the country, however the majority of us had to go the Army, consequently, since there was no one to carry on the duties of a union, the Charter was dropped.

Now that the largest percentage of us are back, we would appreciate being reinstated. We have four gravel pits in this locality and an enormous amount of other hauling. I have talked to the owners of the other trucks and most of the drivers, the largest percentage are very much in favor of organization. We are about fifty miles from any Local, and their main interest is long distance hauling.

I believe you will understand and co-operate at your earliest convenience.

Thank You,

Sincerely Yours,

James M. Hunley

March 12, 1946

Mr. Norman C. Murrin  
927-1/2 South Eighth Street  
Springfield, Illinois

Dear Sir and Brother:

I am enclosing herewith copy of letter addressed to you under date of March 9, 1946, signed by James M. Hunley, on the stationery of Local 361 at Olney, Illinois.

As you know, this charter was picked up. Of course, we don't want to go back to the proposition of installing these charters for owner drivers, etc.

At any rate, check into this matter and advise this man who covers this jurisdiction.

Fraternally yours,

ACTING FOR DANIEL J. TOBIN  
GENERAL PRESIDENT
