Dear Sir and Brother:

[4/3/52] Enclosed find a copy of a letter received in this office which was forwarded to us by the office of the A. F. of L. here in Indianapolis. Hugh Gormley, the local A. F. of L. representative discussed this matter with us over the phone and it would appear that there might be some interest on the part of these farmers in forming a milk organization similar to some of those organized on the West Coast by the Western Conference of Teamsters.

We are forwarding this to you with a suggestion that you drop in on the writer at your convenience and see what there might be to this matter.

We remain,

Fraternally yours,

Dear Sir and Brother:

A survey of the monies paid to Organizers for travel and hotel expenses between January 1st, 1952, and September 30th, 1952, shows that we have expended more than one-quarter of a million dollars for these items, during that period.

It is the opinion of this office that much of this travel was not merited and could have been avoided. In the future, before engaging in any travel, contact this office for authority to do so.

At all times, when away from your home office, keep this office advised of your whereabouts, giving us an address or phone number through which you can be reached.

Faternally yours

Note: Contact Indianapolis office <sup>DAVE BECK</sup> for travel authorization.
