LOCAL UNION No. 539
San Francisco, Calif.

January 13, 1942

Mr. Daniel J. Tobin, Gen'l Pres.
222 E. Michigan Street
Indianapolis, Indiana

Dear Sir:

Your letter of December 31, 1941, reached me late making reason for some delay in not getting this list back to your office. Our local union is made up of men that own their permits, in other words their own business, we have not the same hold on these men that a local with a different set-up has. We have some good union men in our local and we are trying to make union men out of them all. This local has not suspended any of the men for nonpayment of dues, charging the amount to them with the hope of collecting same later, in this way we claim to have the men near 100% union. The salaries of the Executive Board is so small we can do this. Please inform us if this conflicts with Union Principles.

Enclosed please find list of members in good standing.

Fraternally yours,
L. A. Kuhlman
