Dear Friend Mike:-

Back about a week from the meeting of the General Executive Board and it went along as usual, however, there was one face missing and Mike, that face was yours and you were missed. I of course, cant speak for the rest of the men, but of all the years we have been together, it seemed that you should have been there. There really was nothing exciting going on, still I felt that you would have liked to have been with the rest of the fellows as of old.

I understand that you are doing wery well and hope you continue to do so. As your condition is at the present time it would have been a most foolish move on your part to have tried to make the trip, but at that I believe, you could have done it. The old stock Mike, is still the best but it is very foolish to over tax yourself, when it only takes a little longer time to get well.

The conditions throughout the country are as well as could be expected and we have no serious trouble, if any on at the present time, yet it is as the wise men say, best not to brag to soon, for to soon is upon us too soon. The organization is widening far beyond teamsters, chauffeurs, stablemen and helpers and there we

land is yet to be seen. We have been very fortunate, in my opinion and I look for most anything to happen, but pray we shall go along peacefully getting for our people the best there is, with harmony and tact, instead of trouble and mishap.

Last but not least, wish to report that Joe is doing exceptionally well, just starting out and know he will be successful with the auditing of our locala' books and hope he likes his new position, as we think very well of him here in the General Office.

Wishing you like a very speedy recovery and best wishes to yourself and family, permit me to remain,

Very Sincerely,

February 26, 1937.
