Gentlemen:

On or about February 1, 1950, you gave us a book of the roster of local unions with addresses of secretaries in order that we might apprise our field offices throughout the country of the locals of your international in the different field office areas. This service to us is very beneficial in that we are able to advise our field offices of the different unions in our area, and I think of benefit to the unions in that our field office managers may contact the unions for the purpose of providing them with information relative to social security. With this mutual gain, I am sure the project was well worthwhile.

I am returning your personal roster of local unions and I want to thank you for your cooperation in this project.

Sincerely yours,

Harold O. Mountjoy
